ABOUT US

Admiral Security Systems are proud to be one of the leading and most respected alarm installers in the South East of England since 1992.

We specialise in intruder alarms, CCTV and access control systems for all types of premises and provide a full design, installation and maintenance service.

We carry the NSI Gold accreditation which requires us to work to the highest standards when completing security installations and maintaining security systems.

We cover a wide area in and around London and the South-East.
